

First Times Empathy Cards for Parents

The edifying messages in the Motherwise First Times Empathy Cards fit conveniently into most envelopes. Mail them with a return address and signature, or leave one anonymously for someone experiencing a "first time." Simply print a copy, cut on the dotted lines, fold on the solid lines and share with someone whom you would like to say, "Been there, done that."

Find the complete set of First Times Empathy Cards covering life's parental milestones at www.motherwise.us.

*Word from the Motherwise:
Practice popular catch phrases before trying
them aloud. Better yet, don't try them at all.*

**I believe you were cool in
your day. That day has
come (and gone).**

*On The Occasion Of Being
First Discovered Uncool*
